

## Year 1 Weekly Learning

Week beginning: 20<sup>th</sup> April 2020

We hope you all managed to find some time to enjoy the Easter Break. We have created another home learning newsletter in a similar way to the previous one. A huge thank you to all of you who have engaged with the previous activities. We have continued to try and add some achievable tasks and hope that you and your child find them manageable and enjoyable. We cannot stress enough about the importance of reading. Please make sure you are finding some time each day to read with or to your child. It only has to be a few minutes! Please remember that you can contact the school office if you have any queries regarding home learning or anything that follows in this newsletter via [parents.rvis@rothwellschools.org.uk](mailto:parents.rvis@rothwellschools.org.uk).

Please read the note from the teachers below to your children.

Hello year 1! We hope you had a lovely Easter and didn't eat too many Easter eggs!

Miss Wallace has been reading in the sunshine and has enjoyed her daily walks. She has been painting her garden fence and tried really hard to make sure there was more paint on the fence than on herself!

Mrs Liggins has been doing lots of historical research about strange times over the last century. Her fence needed painting too. She was very helpful telling Mr Liggins when he missed a bit.

Mrs DJ has been working hard on her old house that needs lots of love. She has been painting too and has been giving Mr DJ lots of ideas of things he can fix at home. Mrs DJ has really been enjoying playing with Sebastian and has made him a mud kitchen so we can make mud pies in the garden. Mrs DJ hopes everyone is safe.

Miss Lambert has been enjoying reading in the lovely sunshine. She has also taken up yoga every day and even managed to teach her Grandma how to use Facetime to keep in touch! She is missing the Woodpeckers lots but thinking of them all the time!

Miss Fish has been enjoying baking some delicious and very chocolatey cakes at home. She has enjoyed reading books in the garden and having a go at some new tricky jigsaw puzzles. Miss Fish is missing the Owls very much and hopes everyone is staying safe.

Keep smiling and being kind to each other.

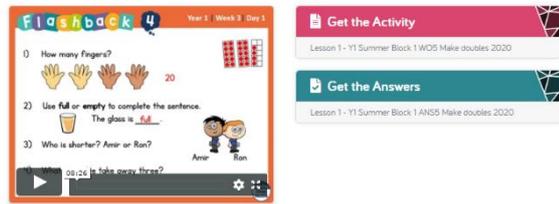

All the grown ups in Year 1 are missing you all so much! xxx

# Weekly Maths Ideas

- Visit The White Rose website for daily maths activities.  
<https://whiterosemaths.com/homelearning/year-1/>

Lesson 1 - Make doubles

- Can you name all of these coins?

- Do you know which is the biggest amount and which is the smallest amount (not size!)? Can you arrange them from smallest to biggest amount? Think carefully about the number on the coin – that may help!

- Visit Natwest Money sense where you can find some online games to play. Follow the link below or type in Natwest money sense 5-8.

<https://natwest.mymoneysense.com/students/students-5-8/>

- Use the shopping list you have written in the weekly writing ideas. Ask a grown up to make up some prices for each item. Work out the total cost of some of the items. For an extra challenge, work out what coins you could use to pay for the items and the total cost. Remember to use tens and ones to help you. Eg 13p is made up of one ten and 3 ones. 25p is made up of 2 tens and 5 ones.

- Use <https://www.topmarks.co.uk/maths-games/mental-maths-train> to practise addition and subtraction. Make a numberline to help you or have a go at drawing tens and ones (See examples of

# Weekly Reading Ideas

- Share a book a day. This could be reading with a grown up or with a brother or sister. You could read it to them or them could read it to you. (Or see Home Learning Newsletter 1 for recommended ways to access online stories.)

- Thursday 23<sup>rd</sup> April is St George's Day. See if a grown up can help you find out some information about St George's Day. This animation may help.

<https://www.youtube.com/watch?v=8QgA51HyW4Q>

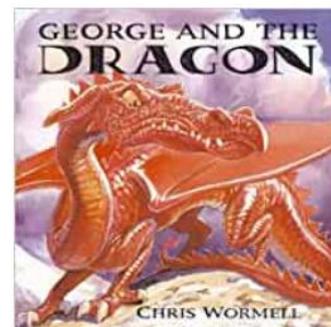

and further information can be found on <https://www.twinkl.co.uk/blog/fun-family-facts-for-st-georges-day>

- Can you find a story with a dragon in it? Can you think of other stories you know which feature a dragon?

- George and the Dragon read by author Chris Wormell

<https://www.youtube.com/watch?v=HSI3wpySr5Q>

- Watch Newsround and find out what is happening in the world. Talk to a grown up about what you found out. Is there anything you need help understanding?

both methods at the end of the document.).

## Weekly Writing Ideas

- Have a go at writing a shopping list. Ask your grown up what things they need on the list this week. Listen carefully to the sounds you can hear in each word.
- Choose a member of your family or a friend that you haven't seen for a while. Write them a short letter and draw them a picture. Find out their address and then if possible, post the letter to them. Use google maps to see the location of where they live. Is it far from your house? What is there to visit nearby?
- Can you create your own dragon character? Use the fantastic to help you describe your dragon. What is his/her personality like? What do they look like?

- Can you write a story about your dragon character? Think about the beginning, middle and end and some interesting events before you start writing. Don't forget your writing skills in your writing. Can you mark your own work using green for good and edit using pink for think?

## Weekly Phonics Ideas

- Have a go at spelling the months of the year. Can you put them in the correct order?
- Revisit the digraph game from the last edition. Set out your separate digraphs on the table. Ask your grown up to say a sound, how quickly can you press the sound. Were you quicker than last time?
- High frequency word bingo! Think of 10 high frequency words. Write down 6 words on a piece of paper, ask your grown up to read high frequency words at random, tick off once you have one! (See word mat below.)
- Focus sounds! Can you think of some real and fake words containing these sounds?  
  
Phase 3: ar, or, ur, ow, oi  
Phase 5: oe, au, ue, oy, ou
- Visit Phonics play for some extra games!  
[www.phonicsplay.co.uk/](http://www.phonicsplay.co.uk/)

## 100 High Frequency Words

a	children	her	look	on	there
about	come	here	looked	one	they
all	could	him	made	out	this
an	dad	his	make	people	time
and	day	house	me	put	to
are	do	I	Mr	saw	too
as	don't	I'm	Mrs	said	up
asked	down	if	mum	same	very
at	for	in	my	see	was
back	from	into	no	she	we
be	get	is	not	so	went

but	got	it's	of	that	what
by	had	just	off	the	when
called	have	like	oh	their	will
came	he	little	old	them	with
can	help			then	you

# Wellbeing

- Lots of people have been setting themselves challenges recently – if you haven't heard about Captain Tom Moore, have a look on the Newsround website to find out about what he has been up to! Can you set yourself a challenge this week?

<https://www.bbc.co.uk/newsround>

[https://www.bbc.co.uk/newsround/news/watch\\_newsround](https://www.bbc.co.uk/newsround/news/watch_newsround)

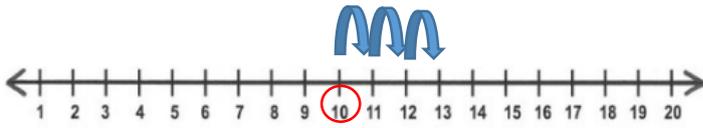

- If possible, spend some time outside playing in your garden. Design yourself an obstacle course to run, jump, skip or hop around. You could even try dribbling or bouncing a ball round it. Or perhaps go round it on a bike or scooter?
- Have a think of some outside games you can play, for example Hide and seek – count to as high as you can while someone hides? Can you find them? Could you play hopscotch outside or create your own noughts and crosses using chalk. Can you make mud pies?
- Can you make a sword using some sticks and string? Can you make a Princess crown using leaves, flowers, grass from the garden?
- Have a look through your recycling. Can you using material to make something? Maybe you could make your own shield like St George had?
- Head to Youtube and search 'Yogabugs' for a yoga inspired story time.
- Bird watching! Listen and look carefully for the birds around your house. Could you record all the birds you can see? Create a tally chart to see which birds visit your garden the most.
- Whilst learning remotely, we would like to continue to promote the development of safe and appropriate use online. There are a variety of online safety activities you can do at home to explore online safety in a fun, engaging and educational way.

<https://www.thinkuknow.co.uk/parents/support-tools/home-activity-worksheets>

<https://www.childnet.com/resources/online-safety-activities-you-can-do-from-home>

Example of using a numberline

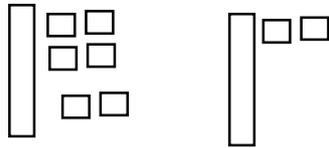

$$10 + 3$$

Circle the number you start on and then count on (add) the next number.

Example of drawing tens and ones

$$16 + 12$$

Draw 16 and then draw 12. Count how many tens and ones there are altogether. There are 2 tens and 8 ones so altogether there are 28.
