Book Band update

As you know we have been busy updating our reading books and as we develop this further, we are changing the book level colours to ensure children are embedding and consolidating their fluency and comprehension skills before moving onto the next level quickly. Your child/ren are aware of the colour band changes as we have spoken about it in assembly. They have been told not to worry if they forget the colour as the adults can help them to change their books and that there is a guide to support.
