Chair of Governors	Catherine Fairbairn	<a href="mailto:CFairbairn@rothwell.pfschools.org.uk">CFairbairn@rothwell.pfschools.org.uk</a>
Channel helpline		020 7340 7264

### Designated safeguarding leads and staff responsible for safeguarding

The designated safeguarding lead should take lead responsibility for safeguarding and child protection including online safety. This should be explicit in the role holder's job description. This person should have the appropriate status and authority within the school to carry out the duties of the post.

Name	Leadership level	Contact details - email address and contact number
<b>Wayne Jones</b>	Senior Trust board level of leadership in safeguarding	<a href="mailto:wjones@pfschools.org.uk">wjones@pfschools.org.uk</a>

<b>Stephen Mitchell</b>	Interim CEO	<a href="mailto:smitchell@pfschools.org.uk">smitchell@pfschools.org.uk</a> <a href="mailto:esims@pfschools.org.uk">mailto:esims@pfschools.org.uk</a>
<b>Ashley Izzard-Snape</b>	Director of School Improvement	<a href="mailto:aizzard-snape@pfschools.org.uk">aizzard-snape@pfschools.org.uk</a>
	LAB Safeguarding Lead	CFairbairn@rothwell.pfschools.org.uk
	DSL on SLT: Academy level leadership of safeguarding. Headteacher	<a href="mailto:mvandavies@rothwell.pfschools.org.uk">mvandavies@rothwell.pfschools.org.uk</a> <a href="mailto:MBarker@rothwell.pfschools.org.uk">MBarker@rothwell.pfschools.org.uk</a>

	DDSL – Natasha Cross	Nacross@rothwell.pfschools.org.uk
	EVC Coordinators Bridget Leder Natasha Cross Maria Barker	<a href="mailto:BLeder@rothwell.pfschools.org.uk">BLeder@rothwell.pfschools.org.uk</a> <a href="mailto:NCross@rothwell.pfschools.org.uk">NCross@rothwell.pfschools.org.uk</a> <a href="mailto:mbarker@rothwell.pfschools.org.uk">mbarker@rothwell.pfschools.org.uk</a>

**Cover/ duty arrangements to ensure a suitably qualified member of the safeguarding team is always available during term time.**

The designated safeguarding lead should arrange adequate and appropriate cover arrangements for any out of hours/out of term activities.

**Monday:** All DSL/DDSL's

**Tuesday:** All DSL/DDSL's

**Wednesday:** All DSL/DDSL's

<b>Thursday:</b> All DSL/DDSL's
<b>Friday:</b> DSL/DDSL's (not Bridget Leder)
<b>On call arrangements for weekends:</b> All
<b>On call arrangements for school holidays:</b> All DSL/DDSL's are on a rota to cover a week each over the holidays.

### Safeguarding Partnerships

Locally, the three safeguarding partners (the Local Authority; a clinical commissioning group and the chief officer of Police) will work together with appropriate relevant agencies to safeguard and promote the welfare of local children, including identifying and responding to their needs.

Name	Leadership level	Contact details - email address and contact number
Sheila Kempster	LA Designated officer	<a href="mailto:Sheila.Kempster@NCTrust.co.uk">Sheila.Kempster@NCTrust.co.uk</a> 07831 123193
Sam Harold	Early Help Coordinator	<a href="mailto:cfss@nctrust.co.uk">cfss@nctrust.co.uk</a>

### Local children's Social Care provision

The 2004 Children Act made local authorities responsible for ensuring and overseeing the effective delivery of services for children, working closely with others.

Name	Role	Contact details - email address and contact number
<b>Charisse Monero</b>	Director of Children's Social Care	<a href="http://www.nctrust.co.uk">www.nctrust.co.uk</a> Angel Square, Northampton

<b>Debbie Carrie</b>	LA Head of Safeguarding	Debbie.Carrie@northnorthants.gov.uk
<b>Lynn Baker</b>	Local authority housing officer	<a href="http://www.kettering.gov.uk/directories/20003/">www.kettering.gov.uk/directories/20003/</a>
<b>Calli Arrow</b> <b>Alan Russell</b>	Virtual Schools Liaison Team Manager	Virtual Schools Telephone number: 01604 365912

## Police Liaison

Academy leaders seek to promote a constructive working partnership with the local Police force.

Academy leaders will consider the type of incident and possible aggravating offence factors to be considered when calling the Police. The context of the offence should always be taken into consideration, as should other vulnerabilities.

Name	Role	Contact details - email address and contact number
James Vickery	Police (Link to Rothwell)	<a href="mailto:james.vickery@northants.police.uk">james.vickery@northants.police.uk</a> 999 or 101
	Counter terrorism	999 or 101
	FGM referrals	999 or 101
	County lines	999 or 101

## Local Specialist Support

Effective safeguarding practice is demonstrated when schools and colleges are clear, in advance, about what local processes are in place and what support can be accessed

Details of the specialist support available for victims and perpetrators of child-on-child sexual violence and sexual harassment from children's services, Police and health as follows:

- **MASH Team: (Tel no.) 0300 126 7000**
- **Police: (Tel no.) 999 / 101**
- **School Nurse: contact the children's admin hub on: (Tel no.) 0800 170 7055**
- **GP: Rothwell and Desborough Healthcare group: (Tel no.) 01536 211277**

Details of the Local Authority guidance regarding young people who are sexually active under the age of 18, including those at risk of child sexual exploitation.

- **MASH Team (Tel number: 0300 126 7000)**
- **Police (Tel number: 999 / 101)**
- **School Nurse (Tel number: 0800 170 7055)**
- **GP (Tel number: 01536 211277)**

Details of the Local Authority domestic abuse strategy and the academy's role in complying with this strategy can be found here.

- **MASH Team (Tel number: 0300 126 7000)**
- **Police (Tel number: 999 / 101)**
- **School Nurse (Tel number: 0800 170 7055)**
- **GP (Tel number: 01536 211277)01536 211277**

N/A		

**Date academy received confirmation alternative providers have conducted all necessary vetting checks**

When the academy places a pupil with an alternative provider, the school continues to be responsible for the safeguarding of that pupil and should be satisfied that the placement meets the needs of the pupil. Schools should obtain written confirmation from the alternative provider that appropriate safeguarding checks have been carried out on individuals working at the establishment, i.e. those checks that the school would otherwise perform in respect of its own staff.

Provider	Date received DD/MM/YYYY	Follow up due DD/MM/YYYY	Comments

### External agencies working with the academy to promote pupils' welfare and development

Safeguarding leaders should ensure the child's wishes and feelings are considered when determining what action to take and what services to provide. Systems should be in place for children to express their views and give feedback. All systems and processes should operate with the best interests of the child at heart.

## Arrangements for safeguarding pupils working with external agencies to promote pupil development and outcomes

Where services or activities are provided separately by another body, including through the National Tutoring Programme, the academy assures in writing that the body concerned has appropriate policies and procedures in place to safeguard and protect children and that there are arrangements to liaise with the academy on these matters where appropriate.

## 1. AIMS

The school aims to ensure that:

- › Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- › All staff are aware of their statutory responsibilities with respect to safeguarding
- › Staff are properly trained in recognising and reporting safeguarding issues

## 2. LEGISLATION AND STATUTORY GUIDANCE

This policy is based on the Department for Education's (DfE's) statutory guidance [Keeping Children Safe in Education \(2024\)](#) and [Working Together to Safeguard Children \(2023\)](#), and the [Academy trust governance guide](#). We comply with this guidance and the arrangements agreed and published by our three local safeguarding partners (see section 3).

This policy is also based on the following legislation:

- › Part 3 of the schedule to the [Education \(Independent School Standards\) Regulations 2014](#), which places a duty on academies and independent schools to safeguard and promote the welfare of pupils at the school
- › [The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children
- › Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the Police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- › [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- › [The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children
- › Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children
- › [Statutory guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism

- › [The Human Rights Act 1998](#), which explains that being subjected to harassment, violence and/or abuse, including that of a sexual nature, may breach any or all of the rights which apply to individuals under the [European Convention on Human Rights](#) (ECHR)
- › [The Equality Act 2010](#), which makes it unlawful to discriminate against people regarding particular protected characteristics (including disability, sex, sexual orientation, gender reassignment and race). This means our Governors and Headteacher should carefully consider how they are supporting their pupils with regard to these characteristics. The Act allows our school to take positive action to deal with particular disadvantages affecting pupils (where we can show it's proportionate). This includes making reasonable adjustments for disabled pupils. For example, it could include taking positive action to support girls where there's evidence that they're being disproportionately subjected to sexual violence or harassment
- › [The Public Sector Equality Duty \(PSED\)](#), which explains that we must have due regard to eliminating unlawful discrimination, harassment and victimisation. The PSED helps us to focus on key issues of concern and how to improve pupil outcomes. Some pupils may be more at risk of harm from issues such as sexual violence; homophobic, biphobic or transphobic bullying; or racial discrimination
- › The [Childcare \(Disqualification\) and Childcare \(Early Years Provision Free of Charge\) \(Extended Entitlement\) \(Amendment\) Regulations 2018](#) (referred to in this policy as the "2018 Childcare Disqualification Regulations") and [Childcare Act 2006](#), which set out who is disqualified from working with children
- › This policy also meets requirements relating to safeguarding and welfare in the [statutory framework for the Early Years Foundation Stage](#)

This policy also complies with our funding agreement and articles of association.

### 3. DEFINITIONS

**Safeguarding and promoting the welfare of children** is defined for the purposes of this guidance as:

- providing help and support to meet the needs of children as soon as problems emerge
- protecting children from maltreatment, whether that is within or outside the home, including online
- preventing impairment of children's mental and physical health or development
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care

- taking action to enable all children to have the best outcomes

**Child protection** is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

**Early help** means providing support as soon as a problem emerges at any point in a child's life, from the foundation years through to the teenage years. Any child may benefit from Early Help, but you should be alert to the potential needs of a child who:

- is disabled or has certain health conditions and has specific additional needs
- has special educational needs (whether or not they have a statutory Education Health Care Plan).
- has a mental health need.
- is a young carer
- is showing signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines.
- is frequently missing/goes missing from education, home or care.
- has experienced multiple suspensions, is at risk of being permanently excluded from schools, colleges and in Alternative Provision or a Pupil Referral Unit.
- is at risk of modern slavery, trafficking, sexual and or criminal exploitation
- is at risk of being radicalised or exploited
- has a parent or carer in custody, or is affected by parental offending
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse.
- is misusing alcohol and other drugs themselves
- is at risk of so called 'honour' based abuse such as Female Genital Mutilation or Forced Marriage
- Is a privately fostered child

**Abuse** is a form of maltreatment of a child and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

**Neglect** is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

**Sharing of nudes and semi-nudes** (also known as sexting or youth-produced sexual imagery) is where children share nude or semi-nude images, videos or live streams.

**Children** includes everyone under the age of 18.

The following three **safeguarding partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- › The Local Authority (LA)
- › Integrated care boards (previously known as clinical commissioning groups) for an area within the LA
- › The chief officer of Police for a Police area in the LA area

**Victim** is a widely understood and recognised term, but we understand that not everyone who has been subjected to abuse considers themselves a victim or would want to be described that way. When managing an incident, we will be prepared to use any term that the child involved feels most comfortable with.

**Alleged perpetrator(s)** and **perpetrator(s)** are widely used and recognised terms. However, we will think carefully about what terminology we use (especially when speaking in front of children) as, in some cases, abusive behaviour can be harmful to the perpetrator too. We will decide what's appropriate and which terms to use on a case-by-case basis.

## 4. EQUALITY STATEMENT

Some children have an increased risk of abuse, both online and offline, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- › have special educational needs and/or disabilities (SEND) or health conditions (see section 10)
- › are young carers
- › may experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- › have English as an additional language

- › are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- › are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- › are asylum seekers
- › are at risk due to either their own or a family member's mental health needs
- › are looked after or previously looked after (see section 12)
- › are missing or has unexplainable or persistent absences from education for prolonged periods and/or repeat occasions
- › whose parent/carer has expressed an intention to remove them from school to be home educated

## 5. ROLES AND RESPONSIBILITIES

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, volunteers and Governors in the school and is consistent with the procedures of the three safeguarding partners. Our policy and procedures also apply to extended school and off-site activities.

The school plays a crucial role in preventative education. This is in the context of a whole-school approach to preparing pupils for life in modern Britain, and a culture of zero tolerance of sexism, misogyny/misandry, homophobia, biphobia, transphobia and sexual violence/harassment. This will be underpinned by our:

- › Behaviour policy
- › Pastoral support system
- › Planned programme of relationships, sex and health education (RSHE), which is inclusive and delivered regularly, tackling issues such as:
  - Healthy and respectful relationships
  - Boundaries and consent
  - Stereotyping, prejudice and equality
  - Body confidence and self-esteem
  - How to recognise an abusive relationship (including coercive and controlling behaviour)

- The concepts of, and laws relating to, sexual consent, sexual exploitation, abuse, grooming, coercion, harassment, rape, domestic abuse, so-called honour-based violence such as forced marriage and FGM and how to access support
- What constitutes sexual harassment and sexual violence and why they're always unacceptable

## 5.1 All staff

All staff will:

- › Read and understand part 1 and annex B of the Department for Education's statutory safeguarding guidance, [Keeping Children Safe in Education](#), and review this guidance at least annually
- › Provide a safe environment in which children can learn
- › Receive appropriate safeguarding and child protection training (including online safety) that is provided at induction and updated regularly as required and at least annually
- › Sign a declaration at the beginning of each academic year to say that they have reviewed the guidance
- › Reinforce the importance of online safety when communicating with parents and carers. This includes making parents and carers aware of what we ask children to do online (e.g. sites they need to visit or who they'll be interacting with online)
- › Provide a safe space for pupils who are (or who are perceived to be) lesbian, gay, bi or gender questioning to speak out and share their concerns

All staff will be aware of:

- › Our systems which support safeguarding, including this child protection and safeguarding policy, the staff code of conduct policy, the behaviour policy and online safety policy which includes the expectations, applicable roles and responsibilities in relation to filtering and monitoring and the safeguarding response to children who are absent from education, particularly on repeat occasions and/or prolonged periods and role of the designated safeguarding lead (including their identify of designated safeguarding lead and any deputies)
- › The early help assessment process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment

- › The process for making referrals to Local Authority children's Social Care and for statutory assessments that may follow a referral, including the role they might be expected to play
- › What to do if they identify a safeguarding issue or a child tells them they are being abused, exploited or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- › The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child-on-child abuse, child sexual exploitation (CSE), child criminal exploitation (CCE), indicators of being at risk from or involved with serious violent crime, FGM, radicalisation and serious violence (including that linked to county lines)
- › The importance of reassuring victims that they are being taken seriously and that they will be supported and kept safe
- › The fact that children can be at risk of harm inside and outside of their home, at school and online
- › The fact that children who are (or who are perceived to be) lesbian, gay, bi or gender questioning can be targeted by other children
- › What to look for to identify children who need help or protection

Section 15 and appendix 2 of this policy outline in more detail how staff are supported to do this.

## 5.2 The Designated Safeguarding Lead (DSL)

The DSL is a member of the senior leadership team. Our DSL is Megan Van Davies. The DSL takes **lead responsibility** for safeguarding and child protection in the school. This includes online safety and understanding our filtering and monitoring processes on school devices and school networks to keep pupils safe online.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns.

Megan Van-Davies - [mvanDavies@rothwell.pfschools.org.uk](mailto:mvanDavies@rothwell.pfschools.org.uk)

When the DSL is absent, the Deputy DSL's will act as cover.

1. Maria Barker (Executive Headteacher)
2. Gemma Harvey (Deputy Headteacher)
3. Bridget Leder (Assistant Headteacher)

#### 4. Natasha Cross (Assistant Headteacher)

The DSL will be given the time, funding, training, resources and support to:

- › Provide advice, support and expertise to other staff on child welfare, safeguarding and child protection matters
- › Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
- › Contribute to the assessment of children
- › Refer suspected cases, as appropriate, to the relevant body (Local Authority children's Social Care, Channel programme, Disclosure and Barring Service, and/or Police), and support staff who make such referrals directly
- › Have a good understanding of harmful sexual behaviour
- › Have a good understanding of the filtering and monitoring systems and processes in place at our school

The DSL will also:

- › Keep the Headteacher informed of any issues
- › Liaise with Local Authority case managers and designated officers for child protection concerns as appropriate
- › Discuss the local response to sexual violence and sexual harassment with Police and Local Authority children's Social Care colleagues to prepare the school's policies
- › Be confident that they know what local specialist support is available to support all children involved (including victims and alleged perpetrators) in sexual violence and sexual harassment, and be confident as to how to access this support
- › Be aware that children must have an 'appropriate adult' to support and help them in the case of a Police investigation or search

The full responsibilities of the DSL and deputies are set out in their job description and Appendix C of KCSIE 2024

### 5.3 The governing board

The governing board will:

- › Facilitate a whole-school approach to safeguarding, ensuring that safeguarding and child protection are at the forefront of, and underpin, all relevant aspects of process and policy development
- › Evaluate and approve this policy at each review, ensuring it complies with the law, and hold the Headteacher to account for its implementation
- › Be aware of its obligations under the Human Rights Act 1998, the Equality Act 2010 (including the Public Sector Equality Duty), and our school's local multi-agency safeguarding arrangements
- › Appoint a link governor to monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL
- › Ensure all staff undergo safeguarding and child protection training, including online safety, and that such training is regularly updated and is in line with advice from the safeguarding partners
- › Ensure that the school has appropriate filtering and monitoring systems in place, and review their effectiveness. This includes:
  - Making sure that the leadership team and staff are aware of the provisions in place, and that they understand their expectations, roles and responsibilities around filtering and monitoring as part of safeguarding training
  - Reviewing the [DfE's filtering and monitoring standards](#), and discussing with IT staff and service providers what needs to be done to support the school in meeting these standards
- › Make sure:
  - The DSL has the appropriate status and authority to carry out their job, including additional time, funding, training, resources and support
  - Online safety is a running and interrelated theme within the whole-school approach to safeguarding and related policies
  - The DSL has lead authority for safeguarding, including online safety and understanding the filtering and monitoring systems and processes in place
  - The school has procedures to manage any safeguarding concerns (no matter how small) or allegations that do not meet the harm threshold (low-level concerns) about staff members (including supply staff, volunteers and

contractors). The staff safeguarding code of conduct appendix covers this procedure

- That this policy reflects that children with SEND, or certain medical or physical health conditions, can face additional barriers to any abuse or neglect being recognised
- › Where another body is providing services or activities (regardless of whether or not the children who attend these services/activities are children on the school roll):
  - Seek assurance that the other body has appropriate safeguarding and child protection policies/procedures in place, and inspect them if needed
  - Make sure there are arrangements for the body to liaise with the school about safeguarding arrangements, where appropriate
- › Make sure that safeguarding requirements are a condition of using the school premises, and that any agreement to use the premises would be terminated if the other body fails to comply

All Governors will read Keeping Children Safe in Education in its entirety.

Section 15 of this policy has information on how Governors are supported to fulfil their role.

#### **5.4 The Headteacher**

The Headteacher is responsible for the implementation of this policy, including:

- › Ensuring that staff (including temporary staff) and volunteers:
  - Are informed of our systems which support safeguarding, including this policy, as part of their induction
  - Understand and follow the procedures included in this policy, particularly those concerning referrals of cases of suspected abuse, neglect and exploitation.
- › Communicating this policy to parents/carers when their child joins the school and via the school website
- › Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- › Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see staff code of conduct policy)

- › Making decisions regarding all low-level concerns, though they may wish to collaborate with the DSL on this
- › Ensuring the relevant staffing ratios are met, where applicable
- › Making sure each child in the Early Years Foundation Stage is assigned a key person
- › Overseeing the safe use of technology, mobile phones and cameras in the setting

### 5.5 Virtual school heads

Virtual school heads have a non-statutory responsibility for the strategic oversight of the educational attendance, attainment and progress of pupils with a social worker.

They should also identify and engage with key professionals, e.g. DSLs, special educational needs co-ordinators (SENCOs), social workers, mental health leads and others.

## 6. CONFIDENTIALITY

The following process will be followed with regards confidentiality:

- › Timely information sharing is essential to effective safeguarding
- › Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children
- › The Data Protection Act (DPA) 2018 and UK GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe
- › If staff need to share 'special category personal data', the DPA 2018 contains 'safeguarding of children and individuals at risk' as a processing condition that allows practitioners to share information without consent if: it is not possible to gain consent; it cannot be reasonably expected that a practitioner gains consent; or if to gain consent would place a child at risk
- › Staff should never promise a child that they will not tell anyone about a report of abuse, as this may not be in the child's best interests
- › If a victim asks the school not to tell anyone about the sexual violence or sexual harassment:
  - There's no definitive answer, because even if a victim doesn't consent to sharing information, staff may still lawfully share it if there's another legal basis under the UK GDPR that applies
  - The DSL will have to balance the victim's wishes against their duty to protect the victim and other children

- The DSL should consider that:
  - Parents or carers should normally be informed (unless this would put the victim at greater risk)
  - The basic safeguarding principle is: if a child is at risk of harm, is in immediate danger, or has been harmed, a referral should be made to the Local Authority Children's Social Care
  - Rape, assault by penetration and sexual assault are crimes. Where a report of rape, assault by penetration or sexual assault is made, this should be referred to the Police. While the age of criminal responsibility is 10, if the alleged perpetrator is under 10, the starting principle of referring to the Police remains
- › Regarding anonymity, all staff will:
  - Be aware of anonymity, witness support and the criminal process in general where an allegation of sexual violence or sexual harassment is progressing through the criminal justice system
  - Do all they reasonably can to protect the anonymity of any children involved in any report of sexual violence or sexual harassment, for example, carefully considering which staff should know about the report, and any support for children involved
  - Consider the potential impact of social media in facilitating the spreading of rumours and exposing victims' identities
- › The government's [information sharing advice for safeguarding practitioners](#) includes 7 'golden rules' for sharing information, and will support staff who have to make decisions about sharing information
- › If staff are in any doubt about sharing information, they should speak to the DSL (or deputy)
- › Confidentiality is also addressed in this policy with respect to record-keeping in section 14, and allegations of abuse against staff in the staff safeguarding code of conduct appendix

## 7. RECOGNISING ABUSE AND TAKING ACTION

Staff, volunteers and Governors must follow the procedures set out below in the event of a safeguarding issue.

Please note – in this and subsequent sections, you should take any references to the DSL to mean “the DSL (or deputy DSL)”.

### **7.1 If a child is suffering or likely to suffer harm, or in immediate danger**

Make a referral to children's Social Care and/or the Police **immediately** if you believe a child is suffering or likely to suffer from harm or is in immediate danger. **Anyone can make a referral.**

Tell the DSL (see section 5.2) as soon as possible if you make a referral directly.

The DSL should refer all cases of suspected abuse or neglect to the Multi Agency Safeguarding Hub (MASH), Police (cases where a crime may have been committed) and to the Channel programme where there is a radicalisation concern.

A Safeguarding Referral must be made in the following ways:

#### **Urgent concern**

- Call the multi-agency safeguarding hub (MASH) immediately on 0300 126 7000
- If a child is in immediate danger at any time, left alone or missing, school will contact the police directly and/or an ambulance using 999.

#### **What should I do I have a concern and there is no immediate danger?**

Please either call the MASH on 0300 126 7000 or complete the online referral form.

#### [Complete a MASH referral](#)

- In an emergency outside office hours, contact children's social care out of hours team on 0300 126 7000

The following link to the GOV.UK webpage for reporting child abuse to North Northamptonshire or West Northamptonshire Council is also available here:

<https://www.gov.uk/report-child-abuse-to-local-council>

### **7.2 If a child makes a disclosure to you**

If a child discloses a safeguarding issue to you, you should:

- › Listen to and believe them. Allow them time to talk freely and do not ask leading questions
- › Stay calm and do not show that you are shocked or upset

- › Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner
- › Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret
- › Type up your conversation onto CPOMS as soon as possible in the child's own words. Stick to the facts, and do not put your own judgement on it. If a member of staff, volunteer or governor does not have access to CPOMS, to write up the account, add a signatures and dates and immediately hand it to the DSL.
- › if appropriate, make a referral to children's Social Care and/or the Police directly (see 7.1), and tell the DSL as soon as possible that you have done so. Aside from these people, do not disclose the information to anyone else unless told to do so by a relevant authority involved in the safeguarding process

Bear in mind that some children may:

- › not feel ready, or know how to tell someone that they are being abused, exploited or neglected
- › not recognise their experiences as harmful
- › feel embarrassed, humiliated or threatened. This could be due to their vulnerability, disability, sexual orientation and/or language barriers

None of this should stop you from having a 'professional curiosity' and speaking to the DSL if you have concerns about a child.

### **7.3 If you discover that FGM has taken place or a pupil is at risk of FGM**

Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 2 of this policy.

**Any teacher** who either:

- Is informed by a girl under 18 that an act of FGM has been carried out on her; or
- Observes physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was

necessary for the girl's physical or mental health or for purposes connected with labour or birth

**Must immediately report this to the Police, personally.** This is a mandatory statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

Unless they have been specifically told not to disclose, they should also discuss the case with the DSL and involve children's Social Care as appropriate.

**Any other member of staff** who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

**Any member of staff** who suspects a pupil is *at risk* of FGM or suspects that FGM has been carried out or discovers that a pupil **aged 18 or over** appears to have been a victim of FGM, should speak to the DSL and follow our local safeguarding procedures.

LA procedures for this can be located here: [Female Genital Mutilation \(trixonline.co.uk\)](http://trixonline.co.uk)

#### **7.4 If you have concerns about a child (as opposed to believing a child is suffering or likely to suffer from harm, or is in immediate danger)**

Figure 1 below, before section 7.8, illustrates the procedure to follow if you have any concerns about a child's welfare.

Where possible, speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or take advice from Local Authority children's Social Care on 0300 126 3000 (option 1, option 1). You can also seek advice at any time from the NSPCC helpline on 0808 800 5000. Share details of any actions you take with the DSL as soon as practically possible.

Make a referral to Local Authority children's Social Care directly, if appropriate (see 'Referral' below). Share any action taken with the DSL as soon as possible.

#### **Early help assessment**

If an early help assessment is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

We will discuss and agree, with statutory safeguarding partners, levels for the different types of assessment, as part of local arrangements.

The DSL will keep the case under constant review and the school will consider a referral to Local Authority children's Social Care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

Local Authority procedures for early help assessments can be found using the following links:

[Early Help – Professionals | Northampton Children's Trust \(nctrust.co.uk\)](https://www.nctrust.co.uk)

[Local Protocol for Assessment \(trixonline.co.uk\)](https://www.trixonline.co.uk)

### **Referral**

If it is appropriate to refer the case to Local Authority children's Social Care or the Police, the DSL will make the referral or support you to do so.

If you make a referral directly (see section 7.1), you must tell the DSL as soon as possible.

The Local Authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the Local Authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

Local Authority procedures for the referral can be found here [Referrals \(trixonline.co.uk\)](https://www.trixonline.co.uk) and to make a referral can be accessed here.

Local Authority procedures for escalation can be found here: [EHA Escalation Process - Northamptonshire Safeguarding Children Board \(northamptonshirescb.org.uk\)](https://www.northamptonshirescb.org.uk)

### **7.5 If you have concerns about extremism**

If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or seek advice from Local Authority children's Social Care. Make a referral to Local Authority children's Social Care directly, if appropriate (see 'Referral' above). Inform the DSL or deputy as soon as practically possible after the referral.

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include [Channel](#), the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the Local Authority children's Social Care team.

The DfE also has a dedicated telephone helpline, 020 7340 7264, which school staff and Governors can call to raise concerns about extremism with respect to a pupil. You can also email [counter.extremism@education.gov.uk](mailto:counter.extremism@education.gov.uk) or complete the online form [Report Extremism in Education - Start](#). Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- › Think someone is in immediate danger
- › Think someone may be planning to travel to join an extremist group
- › See or hear something that may be terrorist-related

### **7.6 If you have a concern about mental health**

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Staff will be alert to behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one.

If you have a mental health concern about a child that is also a safeguarding concern, take immediate action by following the steps in section 7.4.

If you have a mental health concern that is **not** also a safeguarding concern, speak to the DSL to agree a course of action.

### **7.7 Online Safety: Filtering and Monitoring**

The academy does all it can to limit pupil's exposure to risks from the academy's IT system. An analysis of these risks is informed by the academy's Prevent risk assessment.

As part of this process, the academy uses two separate systems, one to restrict pupils' access to harmful websites and a second to identify daily concerns about pupils' access to all other content. All staff must report safeguarding and technical concerns in the following cases to the DSL if:

- they witness or suspect unsuitable material has been accessed
- they can access unsuitable material

- they are teaching topics which could create unusual activity on the filtering logs
- there is failure in the software or abuse of the system
- there are perceived unreasonable restrictions that affect teaching and learning or administrative tasks
- they notice abbreviations or misspellings that allow access to restricted material

#### **For pupils:**

- A SENSO critical alert for all is sent immediately to the HT and DSL.
- DSL investigates critical alerts for pupils within 24 hrs of alert being raised.
- SENSO reporting format is completed and if it isn't a false positive, the actions taken are recorded onto CPOMS. This log will be recorded as online safety.
- Non-critical incidents are checked weekly by the HT or DSL and SENSO status changed accordingly.

#### **For adults:**

- A SENSO critical alert for all is sent to the Headteacher
- The Headteacher investigates critical alerts for adults within 24 hrs of alert being raised.
- SENSO reporting format is completed and if it isn't a false positive, the actions taken are recorded onto the internal SENSO violation log and reported to LADO following HR advice
- Non-critical incidents are checked weekly by the HT or DSL and SENSO status changed accordingly.

All technical reports must be shared via [itsupport@pfschools.org.uk](mailto:itsupport@pfschools.org.uk)

The DSL checks alerts daily. All staff are expected to be vigilant in recognising signs that a child might be attempting to access harmful content. The DSL works with representatives of the LAB in regularly evaluating the effectiveness of these arrangements.

Only appropriately trained professionals should attempt to make a diagnosis of a mental health concern. However, Rothwell Schools will provide information and signposting services to children and parents and assist with the teaching of emotional health and wellbeing to children in our curriculum

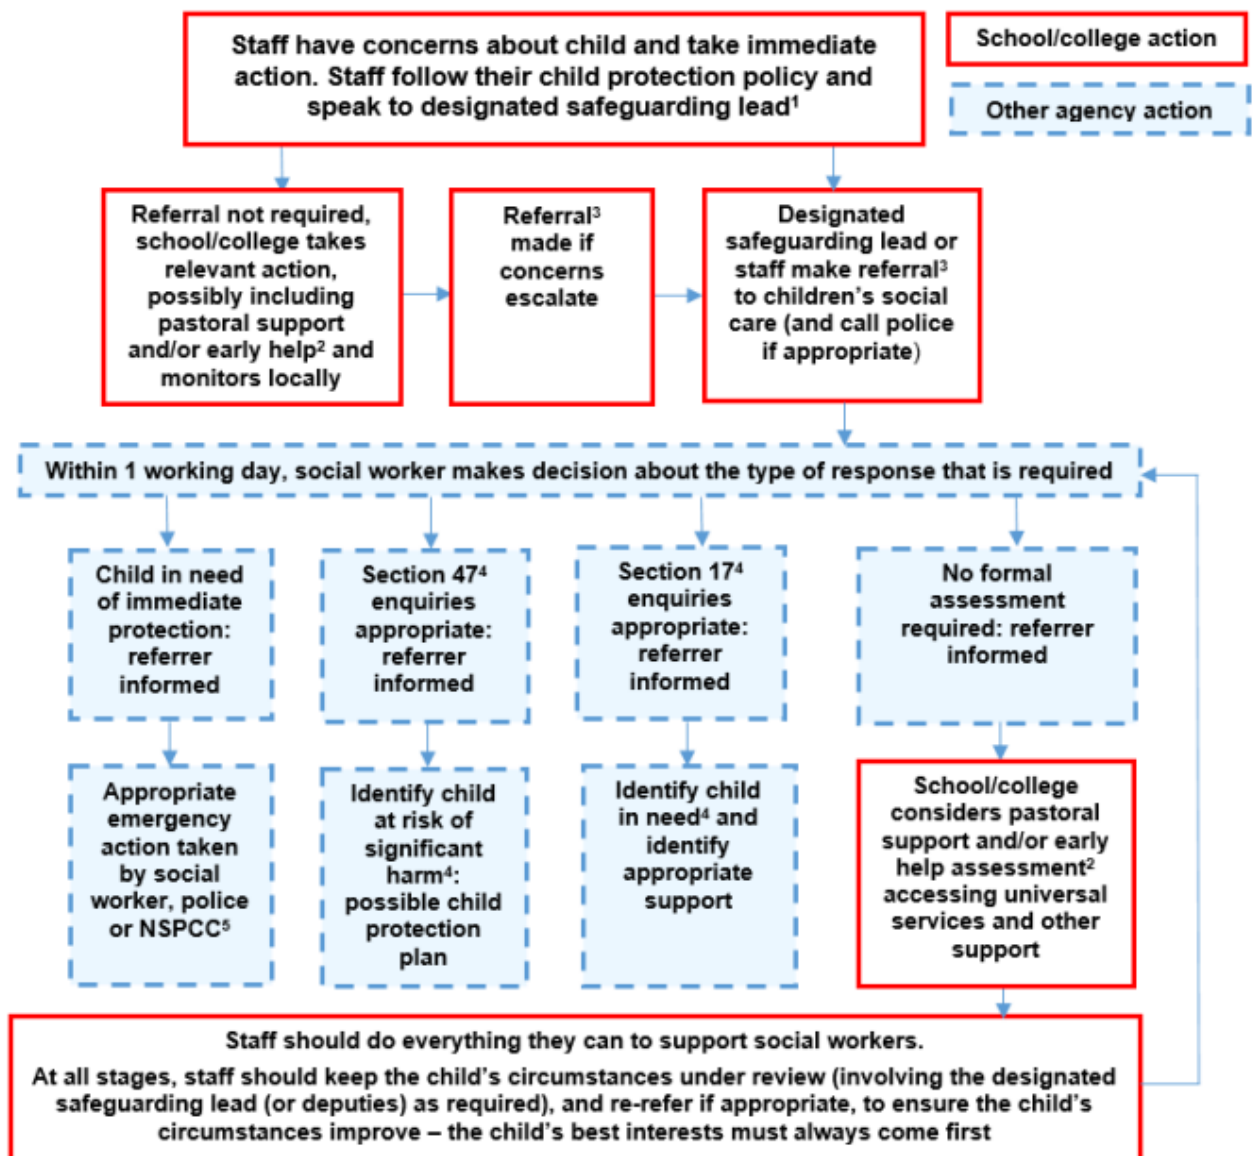

At Rothwell Schools, we work closely with the Mental Health Service (MHST) and CAMHS and are able to make referrals to these teams to further support young people in our care. Other routes to identifying and escalating possible mental health problems and accountability systems are:

1. Mental Health policy
2. Mental Health First Aider – Mrs Bridget Leder
3. Children referred to our family support worker or SENDCo through an internal referral process
4. Protective behaviours work for all children.

**Figure 1: procedure if you have concerns about a child’s welfare (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)**

(Note – if the DSL is unavailable, this should not delay action. See section 7.4 for what to do.)

### Actions where there are concerns about a child

### 7.8 Concerns about a staff member, supply teacher, volunteer or contractor

If you have concerns about a member of staff (including a supply teacher, volunteer or contractor), or an allegation is made about a member of staff (including a supply teacher, volunteer or contractor) posing a risk of harm to children, **Speak to the Headteacher as soon as possible**. KCSIE states that, where there are concerns/allegations about the Headteacher, this should be referred to the Chair of Governors. In the case of Pathfinder Schools, that role is fulfilled by the CEO, Stephen Mitchell. Therefore, if an allegation is made against the Headteacher it must be brought to the attention of the CEO in the first instance. If the concerns/allegations are about a member of the central team, speak to the CEO and if the concerns/allegations are about the CEO, speak to the LADO.

The Headteacher/chair of Governors/CEO/LADO will then follow the trust procedures set out in the Staff Code of Conduct Policy

Where you believe there is a conflict of interest in reporting a concern or allegation about a member of staff (including a supply teacher, volunteer or contractor) to the Headteacher, report it directly to the Local Authority designated officer (LADO).

If you receive an allegation relating to an incident where an individual or organisation was using the school premises for running an activity for children, follow our school safeguarding policies and procedures, informing the LADO, as you would with any safeguarding allegation.

Where appropriate, the school will inform Ofsted of the allegation and actions taken, within the necessary timescale (see the staff safeguarding code of conduct policy for more detail).

### **7.9 Allegations of abuse made against other pupils**

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”, as this can lead to a culture of unacceptable behaviours and an unsafe environment for pupils.

We also recognise the gendered nature of child-on-child abuse. However, all child-on-child abuse is unacceptable and will be taken seriously.

Most cases of pupils hurting other pupils will be dealt with under our school's behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- › Is serious, and potentially a criminal offence
- › Could put pupils in the school at risk
- › Is violent
- › Involves pupils being forced to use drugs or alcohol

- › Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, upskirting or sexually inappropriate pictures or videos (including the sharing of nudes and semi-nudes)

See appendix 2 for more information about child-on-child abuse.

### **Procedures for dealing with allegations of child-on-child abuse**

If a pupil makes an allegation of abuse against another pupil:

- › You must record the allegation and tell the DSL, but do not investigate it
- › The DSL will contact the Local Authority children's Social Care team and follow its advice, as well as the Police if the allegation involves a potential criminal offence
- › The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed. This will include considering school transport as a potentially vulnerable place for a victim or alleged perpetrator(s)
- › The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

If the incident is a criminal offence and there are delays in the criminal process, the DSL will work closely with the Police (and other agencies as required) while protecting children and/or taking any disciplinary measures against the alleged perpetrator. We will ask the Police if we have any questions about the investigation.

Rothwell Schools take all reports and concerns about child on child abuse, including child on child sexual violence and harassment, very seriously. This includes any reports or concerns that have occurred outside of the school or college premises, or online.

In order to ensure that our policy on child on child abuse is well-promoted, easily understood and accessible. We also have a pupil-friendly child on child abuse policy, which can be found on our school website.

### **Creating a supportive environment in school and minimising the risk of child-on-child abuse**

We recognise the importance of taking proactive action to minimise the risk of child-on-child abuse, and of creating a supportive environment where victims feel confident in reporting incidents.

To achieve this, we will:

- › Challenge any form of derogatory or sexualised language or inappropriate behaviour between peers, including requesting or sending sexual images
- › Be vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- › Ensure our curriculum helps to educate pupils about appropriate behaviour and consent
- › Ensure pupils are able to easily and confidently report abuse using our reporting systems (as described in section 7.11 below)
- › Ensure staff reassure victims that they are being taken seriously
- › Be alert to reports of sexual violence and/or harassment that may point to environmental or systemic problems that could be addressed by updating policies, processes and the curriculum, or could reflect wider issues in the local area that should be shared with safeguarding partners
- › Support children who have witnessed sexual violence, especially rape or assault by penetration. We will do all we can to make sure the victim, alleged perpetrator(s) and any witnesses are not bullied or harassed
- › Consider intra-familial harms and any necessary support for siblings following a report of sexual violence and/or harassment
- › Ensure staff are trained to understand:
  - How to recognise the indicators and signs of child-on-child abuse, and know how to identify it and respond to reports
  - That even if there are no reports of child-on-child abuse in school, it does not mean it is not happening – staff should maintain an attitude of “it could happen here”
  - That if they have any concerns about a child's welfare, they should act on them immediately rather than wait to be told, and that victims may not always make a direct report. For example:
    - Children can show signs or act in ways they hope adults will notice and react to
    - A friend may make a report
    - A member of staff may overhear a conversation

- A child's behaviour might indicate that something is wrong
- That certain children may face additional barriers to telling someone because of their vulnerability, disability, gender, ethnicity and/or sexual orientation
- That a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy
- The important role they have to play in preventing child-on-child abuse and responding where they believe a child may be at risk from it
- That they should speak to the DSL if they have any concerns
- That social media is likely to play a role in the fall-out from any incident or alleged incident, including for potential contact between the victim, alleged perpetrator(s) and friends from either side

The DSL will take the lead role in any disciplining of the alleged perpetrator(s). We will provide support at the same time as taking any disciplinary action.

Disciplinary action can be taken while other investigations are going on, e.g. by the Police. The fact that another body is investigating or has investigated an incident doesn't (in itself) prevent our school from coming to its own conclusion about what happened and imposing a penalty accordingly. We will consider these matters on a case-by-case basis, taking into account whether:

- › Taking action would prejudice an investigation and/or subsequent prosecution – we will liaise with the Police and/or Local Authority children's Social Care to determine this
- › There are circumstances that make it unreasonable or irrational for us to reach our own view about what happened while an independent investigation is ongoing

### **7.10 Sharing of nudes and semi-nudes ('sexting')**

We follow the below procedure based on the [guidance from the UK Council for Internet Safety](#)

#### **Your responsibilities when responding to an incident**

If you are made aware of an incident involving the consensual or non-consensual sharing of nude or semi-nude images/videos (also known as 'sexting' or 'youth produced sexual imagery'), you must report it to the DSL immediately.

You must **not**:

- › View, copy, print, share, store or save the imagery yourself, or ask a pupil to share or download it (if you have already viewed the imagery by accident, you must report this to the DSL)
- › Delete the imagery or ask the pupil to delete it
- › Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- › Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- › Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident and reassure the pupil(s) that they will receive support and help from the DSL.

### **Initial review meeting**

Following a report of an incident, the DSL will follow [Sharing nudes and semi-nudes: advice for education settings working with children and young people \(updated March 2024\) - GOV.UK \(www.gov.uk\) guidance](https://www.gov.uk/guidance/sharing-nudes-and-semi-nudes-advice-for-education-settings-working-with-children-and-young-people) and will hold an initial review meeting with appropriate school staff – this may include the staff member who reported the incident and the safeguarding or leadership team that deals with safeguarding concerns. This meeting will consider the initial evidence and aim to determine:

- › Whether there is an immediate risk to pupil(s)
- › If a referral needs to be made to the Police and/or children's Social Care
- › If it is necessary to view the image(s) in order to safeguard the young person (in most cases, images or videos should not be viewed)
- › What further information is required to decide on the best response
- › Whether the image(s) has been shared widely and via what services and/or platforms (this may be unknown)
- › Whether immediate action should be taken to delete or remove images or videos from devices or online services
- › Any relevant facts about the pupils involved which would influence risk assessment
- › If there is a need to contact another school, college, setting or individual
- › Whether to contact parents or carers of the pupils involved (in most cases parents/carers should be involved)

The DSL will make an immediate referral to Police and/or children's Social Care if:

- › The incident involves an adult
- › There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example, owing to SEN)
- › What the DSL knows about the images or videos suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- › The imagery involves sexual acts and any pupil in the images or videos is under 13
- › The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of nudes and semi-nudes (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the Headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the Police or children's Social Care. The decision will be made and recorded in line with the procedures set out in this policy.

#### **Further review by the DSL**

If at the initial review stage a decision has been made not to refer to Police and/or children's Social Care, the DSL will conduct a further review to establish the facts and assess the risks using Appendix B in the following guidance for support [Sharing nudes and semi-nudes: advice for education settings working with children and young people \(updated March 2024\) - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/sharing-nudes-and-semi-nudes-advice-for-education-settings-working-with-children-and-young-people)

They will hold interviews with the pupils involved (if appropriate).

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's Social Care and/or the Police immediately.

#### **Informing parents/carers**

The DSL will inform parents/carers at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm. The DSL will follow the DfE guidance detailed above on how to support parents and carers whose child has been involved in an incident.

#### **Referring to the Police**

If it is necessary to refer an incident to the Police, this will be done through calling 101

#### **Recording incidents**

All incidents of sharing of nudes and semi-nudes, and the decisions made in responding to them, will be recorded. The record-keeping arrangements set out in section 14 of this policy also apply to recording these incidents.

### **Curriculum coverage**

Pupils are taught about the issues surrounding the sharing of nudes and semi-nudes as part of our relationship education and computing programmes. Teaching covers the following in relation to the sharing of nudes and semi-nudes:

- › What it is
- › How it is most likely to be encountered
- › The consequences of requesting, forwarding or providing such images, including when it is and is not abusive and when it may be deemed as online sexual harassment
- › Issues of legality
- › The risk of damage to people's feelings and reputation

Pupils also learn the strategies and skills needed to manage:

- › Specific requests or pressure to provide (or forward) such images
- › The receipt of such images

This policy on the sharing of nudes and semi-nudes is also shared with pupils so they are aware of the processes the school will follow in the event of an incident.

### **7.11 Reporting systems for our pupils**

Where there is a safeguarding concern, we will take the child's wishes and feelings into account when determining what action to take and what services to provide.

We recognise the importance of ensuring pupils feel safe and comfortable to come forward and report any concerns and/or allegations.

To achieve this, we will:

- › Put systems in place for pupils to confidently report abuse
- › Ensure our reporting systems are well promoted, easily understood and easily accessible for pupils
- › Make it clear to pupils that their concerns will be taken seriously, and that they can safely express their views and give feedback

- › Follow the DfE guidance described above on how to support pupils who have had their nudes or semi-nudes shared publicly; been sent a nude or semi-nude or have shared another child's nude or semi-nude image.

All children, as part of the curriculum, complete Protective Behaviours work. They look at their Hand of Trust and identify adults they can talk to if they have any worries, both in school and out in the community. Children would report their concerns to a trusted adult. The adult will then follow the normal Safeguarding process in reporting the concern to the DSL. Following any disclosures welfare checks are completed and children are offered time to talk. They are monitored closely.

Teaching children to stay safe is an essential part of our school curriculum. Staying safe is covered through the following areas:

- › Jigsaw PSHE curriculum including RSE lessons
- › Termly Protective behaviours lessons
- › Termly Online Safety lessons and Online Safety Chapter using our Online Safety Curriculum
- › NSPCC Resources
- › Assembly themes
- › Life Education Workshops (KS2)
- › Cyberwise workshops (KS2)
- › RESOLV drug sessions (Year 5/6)

## **8. ONLINE SAFETY AND THE USE OF MOBILE TECHNOLOGY**

As detailed in the KCSIE outlines, the following section should be read in conjunction with the online safety and acceptable use policies.

Staff must never give their personal phone numbers to parents or pupils, nor use their personal phone numbers to contact parents and carers.

Staff must always use phones provided by the school when contacting parents and carers.

Staff with personal devices who have been authorised to download the 3CX application may use their personal device to contact parents and carers however must ensure that the app is used and contact is therefore made via their office extension, not their personal mobile number.

Staff who are provided with mobile phones as equipment for their role must abide by the same rules for ICT acceptable use as outlined in this policy.

Staff using 'Evidence Me' in school to record children's achievements through photos and prose are only allowed to do this on a school device. All photos are deleted from the device regularly.

We recognise the importance of safeguarding children from potentially harmful and inappropriate online material, and we understand that technology is a significant component in many safeguarding and wellbeing issues.

To address this, our school aims to:

- › Have robust processes (including filtering and monitoring systems) in place to ensure the online safety of pupils, staff, volunteers and Governors
- › Protect and educate the whole school community in its safe and responsible use of technology, including mobile and smart technology (which we refer to as 'mobile phones')
- › Set clear guidelines for the use of mobile phones for the whole school community
- › Establish clear mechanisms to identify, intervene in and escalate any incidents or concerns, where appropriate

#### **The 4 key categories of risk**

Our approach to online safety is based on addressing the following categories of risk:

- › **Content** – being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, antisemitism, radicalisation and extremism
- › **Contact** – being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes
- › **Conduct** – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying; and
- › **Commerce** – risks such as online gambling, inappropriate advertising, phishing and/or financial scams

#### **To meet our aims and address the risks above, we will:**

- › Educate pupils about online safety as part of our curriculum. For example:

- The safe use of social media, the internet and technology
  - Keeping personal information private
  - How to recognise unacceptable behaviour online
  - How to report any incidents of cyber-bullying, ensuring pupils are encouraged to do so, including where they're a witness rather than a victim
- › Train staff, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying, the risks of online radicalisation, and the expectations, roles and responsibilities around filtering and monitoring. All staff members will receive refresher training as required and at least once each academic year
  - › Educate parents/carers about online safety via our website, communications sent directly to them and during parents' evenings. We will also share clear procedures with them so they know how to raise concerns about online safety
  - › Make sure staff are aware of any restrictions placed on them with regards to the use of their mobile phone and cameras, for example that:
    - Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present
    - Staff will not take pictures or recordings of pupils on their personal phones or cameras
  - › Make all pupils, parents/carers, staff, volunteers and Governors aware that they are expected to sign an agreement regarding the acceptable use of the internet in school, use of the school's ICT systems and use of their mobile and smart technology
  - › Explain the sanctions we will use if a pupil is in breach of our policies on the acceptable use of the internet and mobile phones
  - › Make sure all staff, pupils and parents/carers are aware that staff have the power to search pupils' phones, as set out in the [DfE's guidance on searching, screening and confiscation](#)
  - › Put in place robust filtering and monitoring systems to limit children's exposure to the 4 key categories of risk (described above) from the school's IT systems.
  - › Carry out an annual review of our approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by our school community
  - › Provide regular safeguarding and children protection updates including online safety to all staff, at least annually, in order to continue to provide them with the relevant skills and knowledge to safeguard effectively

- › Review the child protection and safeguarding policy, including online safety, annually and ensure the procedures and implementation are updated and reviewed regularly

This section summarises our approach to online safety and mobile phone use. For full details about our school's policies in these areas, please refer to our Acceptable Use Policy.

## 9. NOTIFYING PARENTS OR CARERS

Where appropriate, we will discuss any concerns about a child with the child's parents or carers. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents or carers about any such concerns following consultation with the DSL.

If we believe that notifying the parents or carers would increase the risk to the child, we will discuss this with the Local Authority children's Social Care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents or carers of all the children involved. We will think carefully about what information we provide about the other child involved, and when. We will work with the Police and/or Local Authority children's Social Care to make sure our approach to information sharing is consistent.

The DSL will, along with any relevant agencies (this will be decided on a case-by-case basis):

- › Meet with the victim's parents or carers, with the victim, to discuss what's being put in place to safeguard them, and understand their wishes in terms of what support they may need and how the report will be progressed
- › Meet with the alleged perpetrator's parents or carers to discuss support for them, and what's being put in place that will impact them, e.g. moving them out of classes with the victim, and the reason(s) behind any decision(s)

## 10. PUPILS WITH SPECIAL EDUCATIONAL NEEDS, DISABILITIES OR HEALTH ISSUES

We recognise that pupils with SEND or certain medical or physical health conditions can face additional safeguarding challenges both online and offline, and are 3 times more likely to be abused than their peers. Additional barriers can exist when recognising abuse, neglect and exploitation in this group, including:

- › Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration
- › Pupils being more prone to peer group isolation or bullying (including prejudice-based bullying) than other pupils

- › The potential for pupils with SEN, disabilities or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- › Communication barriers and difficulties in managing or reporting these challenges
- › Cognitive understanding-being unable to understand the difference between fact and fiction in online content and then repeating the content/behaviours in schools or colleges or the consequences of doing so.

We offer extra pastoral support for these pupils. This includes:

- Self-esteem programmes
- Anxiety management programmes
- Anger management programmes
- A key adult to talk to
- Referrals to other agencies including the School Nursing Team, MHST and CAMHs.
- Support for parents to support children's pastoral needs through IEP reviews, coffee mornings and email and telephone contact with the SENDCo and Family Support Worker.

More information can be found about local support for children with SEND here:

- [northnorthants.gov.uk/specialist-send-support-services](http://northnorthants.gov.uk/specialist-send-support-services)
- [northnorthants.gov.uk/schools-and-education/local-offer-send-and-ehc-plans](http://northnorthants.gov.uk/schools-and-education/local-offer-send-and-ehc-plans)

Any abuse involving pupils with SEND will require close liaison with the DSL (or deputy) and the SENCO.

## 11. PUPILS WITH A SOCIAL WORKER

Pupils may need a social worker due to safeguarding or welfare needs. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.

The DSL and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a pupil has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the pupil's safety, welfare and educational outcomes. For example, it will inform decisions about:

- › Responding to unauthorised absence or missing education where there are known safeguarding risks

- › The provision of pastoral and/or academic support

## 12. LOOKED-AFTER AND PREVIOUSLY LOOKED-AFTER CHILDREN

We will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. In particular, we will ensure that:

- › Appropriate staff have relevant information about children's looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements
- › The DSL has details of children's social workers and relevant virtual school heads

We have appointed a designated teacher, Gemma Harvey (Deputy Headteacher) who is responsible for promoting the educational achievement of looked-after children and previously looked-after children in line with [statutory guidance](#).

The designated teacher is appropriately trained and has the relevant qualifications and experience to perform the role.

As part of their role, the designated teacher will:

- › Work closely with the DSL to ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to
- › Work with virtual school heads to promote the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium plus funding can be best used to support looked-after children and meet the needs identified in their personal education plans

## 13. COMPLAINTS AND CONCERNS ABOUT SCHOOL SAFEGUARDING POLICIES

### 13.1 Complaints against staff

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff (see the staff code of conduct policy).

### 13.2 Other complaints

Safeguarding-related complaints of other types e.g. premises, are handled under the Complaints Policy.

Any complaints are managed directly by the Executive Headteacher. A written record of the complaint, including the outcome is kept securely. The outcome of the investigation

needs to be shared with all involved within 28 days. These will be made available to Ofsted if requested.

### 13.3 Whistle-blowing

The whistle-blowing policy covers concerns regarding the way the school safeguards pupils – including poor or unsafe practice, or potential failures. Please refer to the whistle-blowing policy for further details.

## 14. RECORD-KEEPING

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing via CPOMS. If you are in any doubt about whether to record something, discuss it with the DSL. The DSL is responsible for ensuring that child protection files are kept up to date.

Records will include:

- › A clear and comprehensive summary of the concern
- › Details of how the concern was followed up and resolved
- › A note of any action taken, decisions reached and the outcome

Concerns and referrals will be kept in a separate child protection file for each child.

Any non-confidential records will be readily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.

Safeguarding records relating to individual children will be retained for a reasonable period of time after they have left the school.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their child protection file is forwarded as soon as possible, securely, and separately from the main pupil file.

To allow the new school/college to have support in place when the child arrives, this should be within:

- › **5 days** for an in-year transfer, or within
- › **The first 5 days** of the start of a new term

In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

At Rothwell Schools, safeguarding records are kept securely on CPOMS. All staff have a log in to report any concerns and the DSL/DDSL's have electronic authenticators to access CPOMS. This system came into place in 2022. Some previous records are paper based and are securely kept in a locked filing cabinet, within a locked room.

We follow the safeguarding transfer of record protocol from Northamptonshire Local Authority.

Safeguarding information is retained for 75 years.

The Trust approach to record-keeping with respect to allegations of abuse made against staff and recruitment and selection is detailed on our records retention policy.

In addition:

- › Recruitment and Selection Policy sets out our record-keeping specifically with respect to recruitment and pre-appointment checks
- › The staff code of conduct sets out our policy on record-keeping with respect to allegations of abuse made against staff

## 15. TRAINING

### 15.1 All staff

All staff members will undertake safeguarding and child protection training at induction, including on whistle-blowing procedures and online safety, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse or neglect.

This training will be regularly updated and will:

- › Be integrated, aligned and considered as part of the whole-school safeguarding approach and wider staff training, and curriculum planning
- › Be in line with advice from the 3 safeguarding partners
- › Include online safety, including an understanding of the expectations, roles and responsibilities for staff around filtering and monitoring
- › Have regard to the Teachers' Standards to support the expectation that all teachers:
  - Manage behaviour effectively to ensure a good and safe environment

- Have a clear understanding of the needs of all pupils

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates, including on online safety, as required but at least annually (for example, through emails, e-bulletins and staff meetings).

Contractors who are provided through a private finance initiative (PFI) or similar contract will also receive safeguarding training.

Volunteers will receive appropriate training, if applicable.

### **15.2 The DSL and Deputies**

The DSL and deputies will undertake child protection and safeguarding training at least every 2 years.

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).

They will also undertake Prevent awareness training.

### **15.3 Governors**

All Governors receive training about safeguarding and child protection (including online safety) at induction, which is regularly updated. This is to make sure that they:

- › Have the knowledge and information needed to perform their functions and understand their responsibilities, such as providing strategic challenge
- › Can be assured that safeguarding policies and procedures are effective and support the school to deliver a robust whole-school approach to safeguarding

### **15.4 Recruitment – interview panels**

At least 1 person conducting any interview for any post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of Keeping Children Safe in Education, and will be in line with local safeguarding procedures.

See the Recruitment and Selection Policy for more information about our safer recruitment procedures.

### **15.5 Staff who have contact with pupils and families**

All staff who have contact with children and families will have supervisions which will provide them with support, coaching and training, promote the interests of children and allow for confidential discussions of sensitive issues.

## 16. MONITORING ARRANGEMENTS

This policy will be reviewed **annually** by Ashley Izzard-Snape, Director of School Improvement. At every review, it will be approved by the Trust Board and agreed by the Local Academy Board at the first meeting of the academic year.

## 17. LINKS WITH OTHER POLICIES

This policy links to the following policies and procedures:

- › Behaviour
- › Staff Code of Conduct
- › Recruitment and Selection
- › Complaints
- › Health and safety
- › Attendance
- › Online safety
- › Mobile phone use
- › Equality
- › Relationships and sex education
- › First aid
- › Curriculum
- › Designated teacher for looked-after and previously looked-after children
- › Privacy notices
- › Whistle-blowing
- › Acceptable Use
- › Intimate care
- › Lettings

- › Anti-Bullying
- › Child on child abuse
- › Reasonable adjustments

DRAFT

**These appendices are based on the Department for Education's statutory guidance, Keeping Children Safe in Education.**

## APPENDIX 1: TYPES OF ABUSE

**Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused by other children or adults, in a family or in an institutional or community setting by those known to them, or more rarely by others.

**Physical abuse** may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

**Emotional abuse** is the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Emotional abuse may involve:

- › Conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person
- › Not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate
- › Age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction
- › Seeing or hearing the ill-treatment of another
- › Serious bullying (including cyber-bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children

**Sexual abuse** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve:

- › Physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing

- › Non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online and technology can be used to facilitate offline abuse.

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

**Neglect** is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to:

- › Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- › Protect a child from physical and emotional harm or danger
- › Ensure adequate supervision (including the use of inadequate caregivers)
- › Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

## APPENDIX 2: SPECIFIC & CONTEXTUAL SAFEGUARDING ISSUES

This appendix is mostly based on the advice in Keeping Children Safe in Education, in particular annex B.

Annex B also includes information on further issues to be aware of, including child abduction and community safety incidents, children's involvement in the court system, children with family members in prison, county lines, modern slavery and cybercrime.

Our most common safeguarding issues

- Issue 1 – Home Issues
- Issue 2 – Mental Health
- Issue 3 – Attendance – school refusal and mental health.

Northamptonshire Police Agenda

- Issue 1 – County Lines and drug harm
- Issue 2 – Serious and organised crime
- Issue 3 – Serious Violence
- Issue 4 – Violence against women and girls

Our local area – Kettering specific Police Agenda

- Road safety and Traffic offences
- Burglary
- Drug dealing and drug misuse

In addition Rothwell Schools staff need to be aware of the below contextual safeguarding risks outside of the school:

### Contextual safeguarding: welfare risk assessment

**All staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the academy and/or can occur between children outside of these environments.**

**Identify the local hazards to pupils' safety and the control measures in place to mitigate for these risks under the following headings: *it may be preferable to create a separate document for ease of access.***

<b>Identify the hazard</b> <i>The potential source of harm to pupils</i>	<b>Groups of pupils that might be harmed as a result of the hazard</b>	<b>Evaluate the risk</b> <i>The likelihood that the child will be harmed</i>	<b>Control measures</b> <i>Procedures and practices in place to mitigate this risk</i>	<b>Routine evaluation</b>
<b>Main road</b>	All	High	PSHE lessons Parking Buddies	Termly and discussed at SLT. More regular when appropriate
<b>River</b>	All	High	River awareness PSHE lessons Assemblies	Termly and discussed at SLT. More regular when appropriate
<b>Litter</b>	All	High	PSHE lessons School council Assemblies	Termly and discussed at SLT. More regular when appropriate
<b>Gang culture</b>	All	Medium	Assemblies PSHE lessons PSCO visits	Termly and discussed at SLT. More regular when appropriate
<b>Social housing</b>	Those in rented accommodation	High	Family support team Parent coffee mornings	Termly and discussed at SLT. More regular when appropriate
<b>Housing concerns</b>	All	Medium	Family support team Parent coffee mornings	Termly and discussed at SLT. More regular when appropriate
<b>Domestic violence</b>	All	High	Family support team Parent coffee mornings	Termly and discussed at SLT. More regular

				when appropriate
<b>Drugs and alcohol</b>	All	High	Family support team Parent coffee mornings	Termly and discussed at SLT. More regular when appropriate
<b>Financial concerns</b>	All	High	Family support team Parent coffee mornings	Termly and discussed at SLT. More regular when appropriate

### Local Support for Vulnerable Families

The academy leadership will engage with the following providers in supporting vulnerable families.

*Add contact details in each box or delete if not applicable in your area*

Housing	Health	Food	Finance	Community
Citizen's advice bureau	School nurse	Local Food bank School Food bank	LA supporting families programme	Commercial community fund such as B&Q
YMCA	MHST	Holiday meal vouchers	LA energy and money saving programme	Church groups
Shelter			Fuel rebates	Adult learning groups
	MHST		Fuel rebates	Free sports clubs

### Children who are absent from education

A child with unexplainable and or persistent absences from education can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual

abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may be absent or become missing from education, but some children are particularly at risk. These include children who:

- › Are at risk of harm or neglect
- › Are at risk of forced marriage or FGM
- › Come from Gypsy, Roma, or Traveller families
- › Come from the families of service personnel
- › Go missing or run away from home or care
- › Are supervised by the youth justice system
- › Cease to attend a school
- › Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who are absent from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the Local Authority if a child leaves the school without a new school being named and adhering to requirements with respect to sharing information with the Local Authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being absent, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the Local Authority children's Social Care team, and the Police, if the child is suffering or likely to suffer from harm, or in immediate danger.

Details about the Local Authority Children Missing from Education procedures can be found here: [Children Missing from Education \(trixonline.co.uk\)](https://trixonline.co.uk)

### **Child criminal exploitation**

Child criminal exploitation (CCE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into criminal activity, in exchange for something the victim needs or wants, and/or for the

financial or other advantage of the perpetrator or facilitator, and/or through violence or the threat of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. It does not always involve physical contact and can happen online. For example, young people may be forced to work in cannabis factories, coerced into moving drugs or money across the country (county lines), forced to shoplift or pickpocket, or to threaten other young people.

Indicators of CCE can include a child:

- › Appearing with unexplained gifts or new possessions
- › Associating with other young people involved in exploitation
- › Suffering from changes in emotional wellbeing
- › Misusing drugs and alcohol
- › Going missing for periods of time or regularly coming home late
- › Regularly missing school or education
- › Not taking part in education

If a member of staff suspects CCE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the Local Authority's children's Social Care team and the Police, if appropriate.

More information about the NSCP's approach to CCE can be found here: [Child Criminal Exploitation \(trixonline.co.uk\)](https://trixonline.co.uk/child-criminal-exploitation)

### **Child sexual exploitation**

Child sexual exploitation (CSE) is a form of child sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, in exchange for something the victim needs or wants and/or for the financial advantage or increased status of the perpetrator or facilitator. It may, or may not, be accompanied by violence or threats of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

CSE can include both physical contact (penetrative and non-penetrative acts) and non-contact sexual activity. It can also happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam. CSE may also occur without the victim's immediate knowledge, for example through others copying videos or images.

In addition to the CCE indicators above, indicators of CSE can include a child:

- › Having an older boyfriend or girlfriend
- › Suffering from sexually transmitted infections or becoming pregnant

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the Local Authority's children's Social Care team and the Police, if appropriate.

More information about the NSCP's approach to CSE can be found here: [Child Sexual Exploitation \(trixonline.co.uk\)](http://trixonline.co.uk)

### **Child-on-child abuse**

Child-on-child abuse is when children abuse other children. This type of abuse can take place inside and outside of school. It can also take place both face-to-face and online and can occur simultaneously between the 2.

Our school has a zero-tolerance approach to sexual violence and sexual harassment. We recognise that even if there are no reports, that doesn't mean that this kind of abuse isn't happening.

Child-on-child abuse is most likely to include, but may not be limited to:

- › Bullying (including cyber-bullying, prejudice-based and discriminatory bullying)
- › Abuse in intimate personal relationships between children (this is sometimes known as 'teenage relationship abuse')
- › Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse)

- › Sexual violence, such as rape, assault by penetration and sexual assault (this may include an online element which facilitates, threatens and/or encourages sexual violence)
- › Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse
- › Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- › Consensual and non-consensual sharing of nude and semi-nude images and/or videos (also known as sexting or youth produced sexual imagery)
- › Upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
- › Initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element)

Where children abuse their peers online, this can take the form of, for example, abusive, harassing, and misogynistic messages; the non-consensual sharing of indecent images, especially around chat groups; and the sharing of abusive images and pornography, to those who don't want to receive such content.

If staff have any concerns about child-on-child abuse, or a child makes a report to them, they will follow the procedures set out in section 7 of this policy, as appropriate. In particular, section 7.9 and 7.10 set out more detail about our school's approach to this type of abuse.

When considering instances of harmful sexual behaviour between children, we will consider their ages and stages of development. We recognise that children displaying harmful sexual behaviour have often experienced their own abuse and trauma, and will offer them appropriate support.

### **Domestic abuse**

Children can witness and be adversely affected by domestic abuse and/or violence at home where it occurs between family members. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Types of domestic abuse include intimate partner violence, abuse by family members, teenage relationship abuse (abuse in intimate personal relationships between children)

and child/adolescent to parent violence and abuse. It can be physical, sexual, financial, psychological or emotional. It can also include ill treatment that isn't physical, as well as witnessing the ill treatment of others – for example, the impact of all forms of domestic abuse including where they see, hear or experience its effects no children.

Anyone can be a victim of domestic abuse, regardless of gender, age, ethnicity, socioeconomic status, sexuality or background, and domestic abuse can take place inside or outside of the home. Children who witness domestic abuse are also victims.

Exposure to domestic abuse and/or violence can have a serious, long-lasting emotional and psychological impact on children and affect their health, wellbeing, development and ability to learn.

If Police are called to an incident of domestic abuse and any children in the household have experienced the incident, the Police will inform the key adult in school (usually the designated safeguarding lead) before the child or children arrive at school the following day. This is the procedure where Police forces are part of Operation Encompass

The DSL will provide support according to the child's needs and update records about their circumstances.

More information about NSCP's approach to Domestic Abuse can be found here: [Domestic Abuse \(trixonline.co.uk\)](https://trixonline.co.uk)

### **Homelessness**

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.

The DSL and deputies will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures).

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children's Social Care.

### **So-called 'honour-based' abuse (including FGM and forced marriage)**

So-called 'honour-based' abuse (HBA) encompasses incidents or crimes committed to protect or defend the honour of the family and/or community, including FGM, forced marriage, and practices such as breast ironing.

Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBA are abuse and will be handled and escalated as such. All staff will be alert to the possibility of a child being at risk of HBA or already having suffered it. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures.

Further information about HBA can be found here: [So-called 'Honour' Based Abuse \(trixonline.co.uk\)](http://trixonline.co.uk)

## **FGM**

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Section 7.3 of this policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

- › A pupil confiding in a professional that FGM has taken place
- › A mother/family member disclosing that FGM has been carried out
- › A family/pupil already being known to social services in relation to other safeguarding issues
- › A girl:
  - Having difficulty walking, sitting or standing, or looking uncomfortable
  - Finding it hard to sit still for long periods of time (where this was not a problem previously)
  - Spending longer than normal in the bathroom or toilet due to difficulties urinating
  - Having frequent urinary, menstrual or stomach problems
  - Avoiding physical exercise or missing PE
  - Being repeatedly absent from school, or absent for a prolonged period
  - Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
  - Being reluctant to undergo any medical examinations
  - Asking for help, but not being explicit about the problem

- Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- › The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- › FGM being known to be practised in the girl's community or country of origin
- › A parent or family member expressing concern that FGM may be carried out
- › A family not engaging with professionals (health, education or other) or already being known to Social Care in relation to other safeguarding issues
- › A girl:
  - Having a mother, older sibling or cousin who has undergone FGM
  - Having limited level of integration within UK society
  - Confiding to a professional that she is to have a "special procedure" or to attend a special occasion to "become a woman"
  - Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents/carers stating that they or a relative will take the girl out of the country for a prolonged period
  - Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
  - Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
  - Being unexpectedly absent from school
  - Having sections missing from her 'red book' (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

### **Forced marriage**

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of 1 or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

It is also illegal to cause a child under the age of 18 to marry, even if violence, threats or coercion are not involved.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the '1 chance' rule, i.e. we may only have 1 chance to speak to the potential victim and only 1 chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- › Speak to the pupil about the concerns in a secure and private place
- › Activate the local safeguarding procedures and refer the case to the Local Authority's designated officer
- › Seek advice from the Forced Marriage Unit on 020 7008 0151 or [fm@fco.gov.uk](mailto:fm@fco.gov.uk)
- › Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

Further information about forced marriage can be found here: [Forced Marriage \(trixonline.co.uk\)](http://trixonline.co.uk)

### **Preventing radicalisation**

- › **Radicalisation** refers to the process of a person legitimising support for, or use of, terrorist violence.
- › **Extremism** is vocal or active opposition to fundamental values, including democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces.
- › **Terrorism** is an action that:
  - Endangers or causes serious violence to a person/people;
  - Causes serious damage to property; or
  - Seriously interferes or disrupts an electronic system

The use or threat of terrorism must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local Police force.

We will ensure that suitable internet filtering is in place and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils' behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a pupil is being radicalised can include:

- › Refusal to engage with, or becoming abusive to, peers who are different from themselves
- › Becoming susceptible to conspiracy theories and feelings of persecution
- › Changes in friendship groups and appearance
- › Rejecting activities they used to enjoy
- › Converting to a new religion
- › Isolating themselves from family and friends
- › Talking as if from a scripted speech
- › An unwillingness or inability to discuss their views
- › A sudden disrespectful attitude towards others
- › Increased levels of anger
- › Increased secretiveness, especially around internet use
- › Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- › Accessing extremist material online, including on Facebook or Twitter
- › Possessing extremist literature

- › Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section 7.5 of this policy, including discussing their concerns with the DSL.

Staff should **always** take action if they are worried.

Further information on the school's measures to prevent radicalisation are set out in other school policies and procedures.

### **Sexual violence and sexual harassment between children in schools**

Sexual violence and sexual harassment can occur:

- › Between 2 children of any age and sex
- › Through a group of children sexually assaulting or sexually harassing a single child or group of children
- › Online and face to face (both physically and verbally)

Sexual violence and sexual harassment exist on a continuum and may overlap.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment and will be exacerbated if the alleged perpetrator(s) attends the same school.

If a victim reports an incident, it is essential that staff make sure they are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting any form of abuse or neglect. Nor should a victim ever be made to feel ashamed for making a report.

When supporting victims, staff will:

- › Reassure victims that the law on child-on-child abuse is there to protect them, not criminalise them
- › Regularly review decisions and actions, and update policies with lessons learnt

- › Look out for potential patterns of concerning, problematic or inappropriate behaviour, and decide on a course of action where we identify any patterns
- › Consider if there are wider cultural issues within the school that enabled inappropriate behaviour to occur and whether revising policies and/or providing extra staff training could minimise the risk of it happening again
- › Remain alert to the possible challenges of detecting signs that a child has experienced sexual violence, and show sensitivity to their needs

Some groups are potentially more at risk. Evidence shows that girls, children with SEN and/or disabilities, and lesbian, gay, bisexual and gender questioning children are at greater risk.

Staff should be aware of the importance of:

- › Challenging inappropriate behaviours
- › Making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up
- › Challenging physical behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, pulling down trousers, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them

If staff have any concerns about sexual violence or sexual harassment, or a child makes a report to them, they will follow the procedures set out in section 7 of this policy, as appropriate. In particular, section 7.9 and 7.10 set out more detail about our school's approach to this type of abuse.

Further information about HSB can be accessed here: [Harmful Sexual Behaviour \(trixonline.co.uk\)](http://trixonline.co.uk)

### **Serious violence**

Indicators which may signal that a child is at risk from, or involved with, serious violent crime may include:

- › Increased absence from school
- › Change in friendships or relationships with older individuals or groups
- › Significant decline in performance
- › Signs of self-harm or a significant change in wellbeing
- › Signs of assault or unexplained injuries

- › Unexplained gifts or new possessions (this could indicate that the child has been approached by, or is involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation (see above))

Risk factors which increase the likelihood of involvement in serious violence include:

- › Being male
- › Having been frequently absent or permanently excluded from school
- › Having experienced child maltreatment
- › Having been involved in offending, such as theft or robbery

Staff will be aware of these indicators and risk factors. If a member of staff has a concern about a pupil being involved in, or at risk of, serious violence, they will report this to the DSL.

### **Checking the identity and suitability of visitors**

All visitors will be required to verify their identity to the satisfaction of staff and to leave their belongings, including their mobile phone(s), in a safe place during their visit.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification.

Visitors are expected to sign the visitors' book and wear a visitor's badge.

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and:

- › Will be asked to show their DBS certificate, which will be checked alongside their photo ID; or
- › The organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an appropriate level of DBS check has been carried out (if this is provided, we will not ask to see the DBS certificate)

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

### **Non-collection of children**

If a child is not collected at the end of the session/day, we will:

- Phone the first contact on the child's list. If no answer, we contact the second person.
- If we are unable to make contact, we would keep the children in school whilst we continue to try to contact the main carers. Children may also use the facilities offered by our wraparound care whilst staff are making these calls.
- If we continue to be unsuccessful, contact would be made to social care via MASH. We would then follow the advice from them.

## Missing pupils

### Missing pupils

Our procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible. If a child goes missing, we will:

Our Graduated response is set out in our Pupil Attendance and Punctuality Policy. Please find further information via the link: [Rothwell Schools - School Policies & Documents](#)

Where a pupil has been absent from school for a period of 10 consecutive school days without authorisation or has not returned within 10 days after an authorised absence a pupil can be removed from the admissions register when the school and LA have failed to establish the whereabouts of the pupils. The LA will refer the case to a CME Tracking Officer who will complete further investigations and feedback to the school. The CME Tracking Officer will let the school know (usually within 10 working days) if the child can be removed from the school roll.

### Academy routines for promoting pupils' welfare

#### Routine safeguarding updates will be shared with staff in the following ways:

- Staff annual training
- Teams – monthly bulletins
- Friday messages to staff
- Every E-learning courses
- Noticeboard in the staffroom
- First 5 minutes of every staff meeting

**Expectations re: Security lockdown in the academy**

Staff will follow the Lockdown policy. This policy is shared in the annual safeguarding training each September.

Each member of staff will have a copy of the procedures in their classrooms.

**Arrangements for the supervision of pupils, including during arrival and dismissal each day, at break and lunch time and in relation to other contextual circumstances.**

At Rothwell Schools, we have parking buddies to ensure our entry and exit points are left clear and are safe.

Parents come onto the school site to drop off and collect children. Children are not allowed to leave their teachers unless prior agreements with parents are made.

Members of SLT are on the gates during morning drop off times welcoming children to school.

Children are aware of road safety procedures through curriculum teaching and reminders are given in assemblies and PSHE sessions.

**Remote learning: the following arrangements are in place to ensure that children are safe if they are asked to learn online at home.**

Cameras will be on at all times during live sessions so staff can have sight of the child for safeguarding reasons. Sessions are to be recorded and all on the session to be made aware that this is taking place. If there are concerns around the child's welfare please inform a DSL straight away.

**Expectations for supervising visitors to the academy.**

For any person that visits the Rothwell Schools they are provided with a leaflet outlining who to speak to if there is a safeguarding concern, what to do in the case of the fire alarm going off. If they have a DBS then they wear a green lanyard, if they have no DBS then they wear a red lanyard and are escorted by a member of staff at all times.

**Arrangements for organising visiting speakers**

For any person that visits the Rothwell Schools they are provided with a leaflet outlining who to speak to if there is a safeguarding concern, what to do in the case of the fire alarm going off. If they have a DBS then they wear a green lanyard, if they have no DBS then they wear a red lanyard and are escorted by a member of staff at all times.

**Arrangements for educational trips and visits:** The academy uses the web-based system EVOLVE for the planning, management, approval, and evaluation of visits. The academy's Educational Visits Coordinator (EVC) provides training for all staff involved on

or leading visits and ensures these colleagues have appropriate access to Evolve. The trip leader will consult with the DSL while they are planning the trip to ensure that the needs of all pupils, including vulnerable pupils, those with a social worker and those with SEND, are met. The trip leader will also work with the colleague responsible for pupils with medical conditions to ensure that these pupils can participate safely. Final approval is delegated to the **Headteacher** for all visits. Overseas visits, residential visits and adventurous activity visits require Trust approval prior to the **Headteacher** sign off.

Risk assessments are completed by the trip leader (Year Leads, P.E lead) and submitted onto EVOLVE 2 weeks before the organised trip takes place.

The EVC for each school are Natasha Cross for the infants and Bridget Leder for the juniors.

### **Dog policy**

Dogs are not allowed on academy premises. Only formally trained assistance and therapy dogs are permitted following consultation with the **Headteacher**. Evidence of training is required for any therapy dog on site. This academy dog is the only dog permitted on the academy site at any time. This is to safeguard all staff, pupils and the dog, as the level of training and behaviour of other dogs is unknown.

DRAFT
